Schools of Knowledge, Inspiration, Exploration & Skills

## Study Skills

**Pre-Registration is required**  
Parents are welcome to attend.

Studying any material requires work! No two people study the same way, and there is little doubt that what works for one person may not work for another.

Learn how to organize your assignments, study more effectively, and how to make studying more enjoyable.

These are just a few of the techniques you will learn, and by applying yourself, you can gain a valuable edge in understanding material, preparing for tests, and, ultimately, learning. This class is designed to bring success to any student, regardless of the courses they take. **You must call and pre-register.**

**Home Alone** Deciding whether or not a child is ready to stay at home is a difficult decision for most parents.

This class is designed to prepare children to look after themselves during these times. This class is open to children 9 years and older.

In will focus on daily routines, personal safety, Code Words, Fire, Keys, how to handle unexpected visitors, and necessary uses of household appliances. After taking this class, the children and their parents will feel more confident when they are at home alone.

**You must call and pre-register.**
